It is not the Oracles remit to read the hearts or minds of mortals or powerful spirits."*

### **Legion of the Khalid**

*They are a force of pureblood Kalid, known as the Slayers of Heroes. They are located on the Prime launching plane, and carry the Standard of Final Measure. They have fought something so powerful that their nature forced them to ascend beyond control and now they are no longer a legion, but a force lost to the Prime Plane. The strength of their blows rises with the power of their foes, and no boon is borne by one alone every spell and invocation that benefits them is shared across the legion*
